CASH PAID FOR YOUR

# E-WASTE & IT ASSETS

## WHO WE ARE?

Reverse Logistics USA is a company based in Brooklyn, NY that specializes in the disposal and recycling of electronic waste and IT assets. With over 10 years of experience in this field, we have become an industry leader, providing sustainable and secure solutions for businesses looking to dispose of their electronic equipment in an environmentally-friendly and secure manner.

## WHAT WE DO?

We collect your unwanted mobile devices, tablets, iPads and other electronics free of charge and offer a fair price. We process devices in our R2 Certified Facility, ensuring your devices and any data contained are securely wiped ensuring devices can be recirculated and reducing the huge amount of e-waste headed for landfill every year.

## R2 & ISO 14001/9001 CERTIFIED

R2 Certification is a standard for responsible recycling and management of electronic waste. It verifies that the recycler follows specific guidelines for data security, environmental protection, and worker health and safety.

## FREE LOCAL COLLECTION

Devices can be collected at a place and time convenient for you and your organization (New York only)

## SUSTAINABLE SOLUTION

By selling us your old devices, you can contribute to reducing e-waste in landfills and give your devices a second lease of life. When devices end up in landfills, they release harmful chemicals into the environment, which can have long-term negative effects on our health and the planet. You can be a part of the solution and make a positive impact on the environment
