

Q: Olympus Lending has made significant in-roads into the Wireless Industry; How did they achieve that?

Doug: We are proud to have developed strong relationships with wireless dealers. Our management team has years of experience in the wireless industry and knows what dealers

need to be successful. We are committed to working with dealers to meet their unique needs. As a lender, we believe that strong partnerships with dealers are the key to our success.

Q: How does the Olympus Lending program work?

Doug: It is very quick and easy to get approved for up to \$100,000 in business funding from Olympus Lending.

The dealer simply fills out a 3-minute application on our website, www.olympuslending.com.

Examples of acceptable loan reasons:

- Inventory
- Payroll
- Expansion
- Remodel

- Equipment
- Supplier Invoices

The loan can be used for practically anything that takes your business to the next level. There is no credit needed to get approved, just your business information. We will fund you directly or pay an invoice

on your behalf to a Master Dealer or Wholesaler. We set dealers up on payment plans from 1-24 months with early buyout options.
